RE: CASE ID# CGB-CC-1310

I am responding to your letter dated September 30, 2013. This is an attempt to go thru the letter and gather the information that you are requesting from me.

My first letter I thought that I explained the closed captioning would be an economical burden for me and my show. The lowest quote that I found for closed captioning came from the TV station that airs my show. That fee is \$75.00 per show. I produced 10 shows this year that would need to be closed captioning at a cost of \$750.00. I have not considered purchasing the equipment to produce closed captioning as I am not computer savvy. You have ask for expense statements; I gave you a general description of this in my previous letter, but as of right now my bookkeeper has all of that information and will for approximately another month. For monies received from sponsors I also included in my last letter.

Operations: produce an educational fishing show. The person that films for me also produces the show and edits.

I am also sending along my previous letter with the costs of the shows. As you can clearly see my show does not create a profit for me.

WILLIAM H. SPAIN II
